Report on Reliance Jio Digital Champion - Student Learning Program on social media

Reliance Jio provided a great Student Learning Programme for all Third year and Final year SAKEC students. This programme received immense response from the students. Over 230 students participated in the programme and many of them were selected on the basis of their assessment scores. The programme was conducted at Reliance Jio office and its duration was 5 weeks. The programme was conducted for 4 different batches. The first batch commenced from 21st may to 23rd June and the last batch from 18th June to 21st July 2018.

The speakers from Reliance Jio were amazing. They had a great impact on the students. They also emphasised on student's learning and cleared various doubts which made the programme even more interesting and a huge success. The programme made a huge impact on the students who had ideas in their minds and just needed guidance in shaping them.
