WORKSHOP on **WEB PRIMER**

Organized by **IETE**

In Collaboration with

INFORMATION TECHNOLOGY DEPARTMENT

Event held on 30th Jan, 2016 from 10 am to 1 pm
Event conducted by: Mr. Aman Tiwari

Venue: Lab-301,302

Event Report:

Department of Information Technology in collaboration with IETE SAKEC had organised a seminar on Web Primer on 30th January, 2016. This seminar was organised under the guidance of Prof Swati Deshpande, Prof Archana Chaugule and Prof Smita Bansod.

Students from different departments like Computer Science, Electronics and Telecommunications, Information Technology had actively participated in the event.

As per the scheduled time the event was inaugurated at 10.00am in presence of event coordinators Archana Chaugule and Smita Bansod. Further our speaker Mr. Aman Tiwari(BE-IT) initiated the seminar with great enthusiasm at 10.30 am.

The seminar was distributed in two sessions. In the first session our speaker, Aman Tiwari taught the students basic as well as advanced tags in HTML5 and CSS concepts with a view that they can build their own websites in the near future. In the latter session the students were taught to make interactive web designs, how to design a user interface and wire-framing.

The event was successfully conducted in well-equipped 3rd floor laboratory (301,302) in the SAKEC premises. Also the volunteers played a major role by helping the participants and maintaining the discipline throughout the session.

The 3 hour long informative session was concluded by collecting the feedback forms which were given to the participants at 1.00 pm. Followed by this an interactive quiz was conducted by the speaker and participants actively responded in the quiz. The winners of the quiz were appreciated by offering chocolates.

After the session the speaker was presented with a certificate of appreciation and also one of the volunteers delivered vote of thanks. Then participants and the volunteers were also graced with their certificates.

Overall the session was conducted successfully and smoothly with a positive feedback.
